The Wisconsin Drinking Water and Wastewater Funding Sources Committee is now in its 15<sup>th</sup> year of providing current financial information on various sources of funding for both local governments and eligible individual purposes. Our goal is to provide one stop assistance in locating the available sources of grant or loan funds for drinking water and wastewater projects.

We strongly urge early financial planning to maximize your options and to avoid any delays in planning and construction schedules. If you submit the Preliminary Inquiry for Project Financing form on the last page of this book, a committee representative will contact you to discuss planning for your specific project. Please take the time to review the funding summaries and call us with any questions that you may have.

*Program information provided in this publication is accurate, to the best of our knowledge, as of March 2006. Changes to funding levels, interest rates, or any program requirements may occur. Contact individual programs to obtain current program information.*

## WISCONSIN WATER & WASTEWATER FUNDING SOURCES & ASSISTANCE

<b>Organization</b>	<b>DEPARTMENT OF NATURAL RESOURCES (DNR)</b>
<b>Program Title</b>	Well Compensation Program (Grant Award)
<b>Eligible Applicants</b>	<p>Owner of a contaminated private water supply that serves a residence or is used for water for livestock. Contamination must be other than bacteria as determined by DNR health advisory issued due to the contaminated well.</p> <p>Annual family income may not be more than \$65,000 for the previous year. Further, if family income is between \$45,000 and \$65,000, the award will be reduced by \$.30 for each dollar of income exceeding \$45,000.</p>
<b>Grant Award, Loan or Other Type of Program</b>	Grant Award
<b>Eligible Project Type</b>	Replace well, treatment device or connection to municipal water.
<b>Funding Available Per Year Per Program</b>	As of July 1, 2005 -- \$502,862 available for spending. Additional funds are expected for the 2006 – 2007 budget year.
<b>Maximum Grant Award/Loan</b>	Grant award provides 75% of total eligible cost, up to a maximum grant award amount of \$9,000 for one private residence contaminated well. If you receive funding from any other private sources to cover some or all of the costs of your replacement water supply, your grant award will be reduced if the sum of the Well Compensation Grant and the other grant exceeds 100% of the eligible costs.
<b>Application Cycle</b>	Application claims <u>must be submitted</u> to the DNR Region Water Supply Specialist after contamination eligibility has been identified in the DNR health advisory letter from the DNR Region Water Supply Specialist. The grant award is for one year from the date of the grant award issued by the DNR Grant Manager.
<b>Estimated Time to Prepare An Application</b>	The application is a combination of required information from the Claimant, DNR Region Water Supply Specialist, and the Well Driller. It is difficult to estimate preparation time due to the complexity involved.
<b>Contact Information</b>	<p>Contact the DNR Region Office Water Supply Specialist in your area for eligibility determination and completion of the application claim:</p> <p>The DNR Region Headquarters main phone numbers are as follows:            Northern Region: (715) 635-2101            West Central Region: (715) 839-3700            South Central Region: (608) 275-3267            Northeast Region: (920) 662-5100            Southeast Region: (414) 263-8500</p> <p><u>Program Managers:</u>            Barbara Ingram, CF/8            Grant Manager            Department of Natural Resources            P.O.
